

Don't let Sinclair or any media outlet use our public airwaves to show propaganda against a presidential candidate - don't invite the public to have to move towards revolution - protect our rights and the sacredness of democracy. Sinclair should not be showing the anti-Kerry movie 2 weeks before the election unless they show the other side - Going Upriver. Please don't play with the fabric of democracy. It is a huge mistake and will backfire.
Thank you
Gary Sheehan
